SAMPLE QUESTIONS: C_BOCR_11

SAP Certified Application Associate – Crystal Reports 2011

Disclaimer: These sample questions are for self-evaluation purposes only and do not appear on the actual certification exams. Answering the sample questions correctly is no guarantee that you will pass the certification exam. The certification exam covers a much broader spectrum of topics, so do make sure you have familiarized yourself with all topics listed in the exam competency areas before taking the certification exam.

Questions

1. You have a report of European customers grouped by country. You combine Belgium, Holland, and Luxembourg using specified order grouping. On the "Others" tab, you select "Leave in their own groups".

How are the customer records from all the other countries grouped?

Please choose the correct answer.

a)	<input type="radio"/>	They remain in individual groups that are placed after the specified group.
b)	<input type="radio"/>	They remain in individual groups that are sorted alphabetically with the specified group.
c)	<input type="radio"/>	They are combined into one group that is placed after the specified group.
d)	<input type="radio"/>	They are combined into one group that is placed before the specified group.

2. Which actions will cause report data to be refreshed?

Note: There are 2 correct answers to this question.

a)	<input type="radio"/>	Press the F5 key.
b)	<input type="radio"/>	Insert a new database field.
c)	<input type="radio"/>	Create a formula from existing fields.
d)	<input type="radio"/>	Insert a summary from existing fields.

3. You create a drill-down report with two grouping levels (Group #1 and Group #2), and enable the Show All Headers On Drill Down option. You then create an additional section (Page Header b). Page Header b

should be the only page header displayed when you drill down on Group #2.

Which formula do you use to suppress Page Header a in the Section Expert?

Please choose the correct answer.

a)	<input type="radio"/>	DrillDownGroupLevel <> 2
b)	<input type="radio"/>	DrillDownGroupLevel = 2
c)	<input type="radio"/>	DrillDownGroupLevel = 1
d)	<input type="radio"/>	DrillDownGroupLevel <> 1

4. Which of the following elements are required when declaring a variable?

Note: There are 2 correct answers to this question.

a)	<input type="radio"/>	Data type
b)	<input type="radio"/>	Semicolon
