SAMPLE QUESTIONS: C_TBW55_73

SAP Certified Application Associate – Modeling and Data Management with SAP BW 7.3 & SAP BI 4.0

Disclaimer: These sample questions are for self-evaluation purposes only and do not appear on the actual certification exams. Answering the sample questions correctly is no guarantee that you will pass the certification exam. The certification exam covers a much broader spectrum of topics, so do make sure you have familiarized yourself with all topics listed in the exam competency areas before taking the certification exam.

Questions

1. Which options can you use to determine the target unit of measure in quantity conversion?

Note: There are 3 correct answers to this question.

a)	<input type="radio"/>	An InfoObject
